NEWS FROM REBECCA SMITH - YOUR PROSPECTIVE MP

REBECCA SMITH HITS THE GROUND RUNNING

Since her selection as prospective MP, Rebecca Smith has started as she means to go on - getting things done across South West Devon.

Building on her strong track record gained as a Plymstock Councillor over the last six years, for example securing a new zebra crossing on Furzehatt Road 50 years after it was first requested and getting Royal Mail to install new streetlights on Breakwater Road, Rebecca has applied her proactive approach to engage with other communities across our constituency.

In addition to regularly meeting residents on the doors, Rebecca spends time each week meeting with a wide range of local businesses, community groups and schools, as well as getting involved in local events.

Rebecca Smith, pictured here with the team from SW Composting at Brixton, has been meeting with local businesses, community groups and individual residents across the whole of SW Devon.

Highlights so far have included meeting with the Headteacher at Bickleigh Down Primary School in Woolwell to celebrate their recent Ofsted success, helping to paint a mural on Plympton Library, visiting a number of local farms to hear about issues

faced by our rural community and spending time with local businesses and the Police in Ivybridge. Rebecca also continues to fight for a Post Office on Plymstock Broadway. Always keen to connect, let Rebecca know if she can help at all.

Please drop me a line if I can help or support in any way. I am always happy to meet or chat.
