Petition: Safe reopening of Mount Batten Beach and peninsula

To the House of Commons.

The petition of residents of the constituency of South West Devon and the surrounding area,

Declares that the continued closure of Mount Batten Beach peninsula is having a significant impact on local residents, sea swimmers, watersports users, businesses and the wider community; further declares that residents want to see the site reopened safely as soon as possible; further notes that specialist expertise is required to identify the source of the asbestos contamination and determine the steps needed to enable the safe reopening of the site.

The petitioners therefore request that the House of Commons urge the Government and Plymouth City Council do whatever it takes to secure the necessary specialist expertise as soon as possible, provide the community with clear answers on the next steps, and work at pace towards the safe reopening of Mount Batten Beach and peninsula.

And the petitioners remain, etc.
